Re: *Committee for a Livable Future - C00323352*

This letter is to advise you that your exam letter of September 19, 2001, was misdirected and received late at this office, due to an address change to Suite 810.

I will need to research the concern you have itemized in your letter and will reply to you as soon as I can determine what needs to be done. I will attempt to accomplish this no later than Wednesday, October 10.

In the meantime, if you need to communicate with me, I can be reached at 1-503-295-1851.

Thank you,

Susan C. Matthews
Financial Administrator for
Committee for a Livable Future
